## ABOUT POWER UNITS DIVISION

Power Units Division is a key part of a Czech state enterprise LOM PRAHA. We provide maintenance and repairs of aircraft engines, main gearboxes and power units including repairs of their aggregates. We specialize in maintenance and repairs of piston engines.

### QUALITY ASSURANCE

All the repairs are carried out according to the original repair documentation of manufacturers and design offices as well as on the basis of civil authorities authorization.

### INDIVIDUAL APPROACH

We approach each customer individually, taking into account their special needs.

### EXPERIENCED STAFF

STAFF

We have a team of colleagues with rich experience in the field of M series engines repairs and maintenance.
